

**Thank you for being part of the very first  
HG Cares: Paint with Purpose gathering.**

**Featured Nonprofit  
Say Something Assembly**

**Our first gathering highlighted the important work of Say Something Assembly, an organization dedicated to helping students find their voice and supporting youth who may be struggling.**

**COMMUNITY VOICES**

*"TONIGHT WAS PERFECT. WE ALL ENJOYED IT SO MUCH."  
"I WAS TRULY TOUCHED BY THE PURPOSE BEHIND THIS GATHERING."  
"THANK YOU FOR INVITING US. WE HAD A FABULOUS TIME."*

***A night of creativity, connection, and community impact.***

***Paint with Purpose brings together people from across our community to share creativity, connection, and support for meaningful causes. Each gathering is designed to create space for meaningful conversations while highlighting organizations doing important work in our community.***

# *The Brushstroke of Purpose*

*Each Paint with Purpose gathering includes a shared community canvas representing theme of the evening.*

*For our first gathering, the theme was Hope. Every guest added a brushstroke to the canvas, symbolizing the hope we share for our community.*

*Over time, these canvases will form the Paint with Purpose Gallery, representing the many organizations and causes our community supports together.*

*Your support is the brushstroke of hope, helping create a vibrant gallery of purpose. Let's continue this creative journey together and paint a brighter future for our community, one brushstroke at a time.*
